

July 2023 Kentucky Association Video Newsletter

By Don Harris, Kentucky Association Vice President and Communications Chair

Hello Kentucky Association members and friends!

This video newsletter covers information pertaining to recent championship meets, upcoming competition opportunities, and mentions several folks that deserve congratulatory honors. Due to restrictions pertaining to video, I was unable to record this newsletter from Heyward Field video as I had teased about in the last newsletter. This month's video is four minutes long.

Click this link once: https://youtu.be/kAxxSwA_k14. **This will download the PDF document. Click the link in the PDF and the YouTube video will open.**

As mentioned in the previous communications, the format of the Association Newsletter is going from paper to digital. When a newsletter is published, a new video link will be provided that is unique to that publication. I will continue to provide content focused primarily on USATF matters at the association, regional, and national level.

If you have suggestions, feedback, or content ideas for this newsletter, please submit those to harrisdon3807@gmail.com.
