

## **May 2023 Kentucky Association Video Newsletter**

By Don Harris, Kentucky Association Vice President and Communications Chair

Hello Kentucky Association members and friends!

This month's video is three minutes long. The primary news topics pertain to several meet opportunities for Youth, Masters and Open athletes. Also, there is information on two important National Officials Committee surveys that are forthcoming. The video link for the May 2023 newsletter is <https://youtu.be/bJ3dqAhj3OA>.

**Please note that when you click the link, this will download the PDF document. After the document is downloaded click the video link again and that will open up the YouTube video.**

As mentioned in the previous communications, the format of the Association Newsletter is going from paper to digital. When a newsletter is published, a new video link will be provided that is unique to that publication. I will continue to provide content focused primarily on USATF matters at the association, regional, and national level.

If you have suggestions, feedback, or content ideas for this newsletter, please submit those to [harrisdon3807@gmail.com](mailto:harrisdon3807@gmail.com).
